

purrfect TOGETHER™

KEEPS KITTY LITTER FRESH AND CATS HEALTHY

- Naturally blocks ammonia odors from developing.
- Stops the odor of urine and waste for up to fourteen days.
- Prevents odor from forming; doesn't mask it with a fragrance.
- Saves time and money emptying your litter box less.
- Dries urine and waste making easy litter box clean up.
- Use it with any brand of cat litter.
- Beneficial for other small household pets.

BioNutraTech® products are formulations that take advantage of nature and add vital nutrients that prevent the formation of ammonia and thereby odor for 14 days. Breathing ammonia (urine odor) is unhealthy. Ammonia gas has adverse effects on the health of humans, animals, and plants.

HOW TO GET STARTED USING purrfect TOGETHER™ :

- Fill your empty litter box with the amount of clean cat litter which you normally use.
- Sprinkle two ounces of **purrfect TOGETHER™** evenly throughout the litter. Mix lightly.
- Use two ounces for up to two cats.
- Use four ounces for up to four cats.

After fourteen days add two more ounces of **purrfect TOGETHER™**. It is not necessary to throw out the litter at this time though it is your option to do so. If you keep the litter and clean the clumps out daily, you should add more product (about one-half ounce) every seven days.

2 OUNCES = 4 TABLESPOONS

purrfect TOGETHER™ creates an odor-free, healthier environment for you, your family and your pet.

WHAT purrfect TOGETHER™ DOES....

purrfect TOGETHER™ prevents bacteria from converting waste into ammonia ions. Blocking the formation of ammonia ions means that **purrfect TOGETHER™** actually eliminates the source from which odorous ammonia gas is made. With no ammonia source there will be no ammonia odor.

PRODUCT FORMULATION....

purrfect TOGETHER™ contains a product formulation that takes advantage of nature. Microorganisms such as bacteria have the natural ability to breakdown complex wastes and hydrocarbons into simple, non-toxic by products.

purrfect TOGETHER™ IS SAFE....

purrfect TOGETHER™ eliminates ammonia gases which when omitted are harmful to humans, pets and plants.

purrfect TOGETHER™ is simple in the purest sense. It does not contain any of the following: genetically engineered, harsh man-made chemicals, or harmful residuals. Not only is it safe and easy to use, but it is made of the fundamental building blocks of life.

SAVINGS

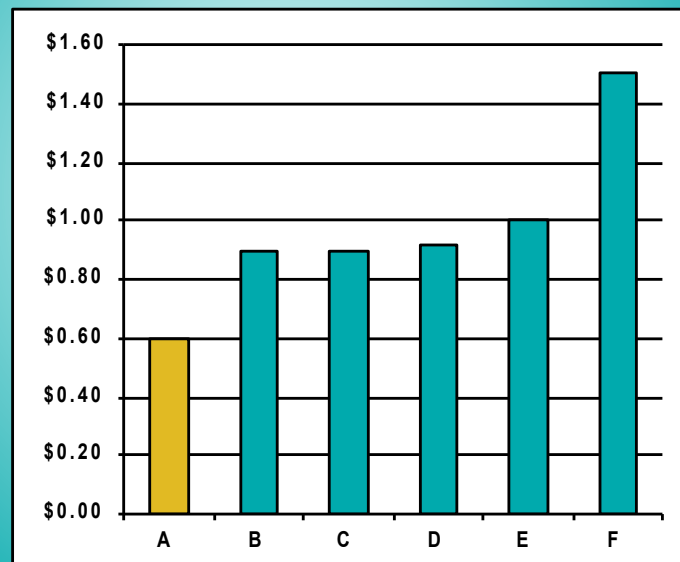

purrfect TOGETHER™ saves money by extending the life and freshness of all pet litter product. **purrfect TOGETHER™** reduces the amount of litter that must be removed with each scoop and also keeps litter fresh for a longer period of time by blocking the formation of ammonia ions.

CONCLUSION

purrfect TOGETHER™ prevents bacteria from converting waste into ammonia ions. Blocking the formation of ammonia ions means that **purrfect TOGETHER™** actually eliminates the source from which odorous ammonia gas is made. With no ammonia source there will be no ammonia odor.

Use purrfect TOGETHER™ because it will provide a healthy, clean, and pleasant environment for both you and your beloved pet.

DAILY COST COMPARISON

- A **purrfect TOGETHER™**
- B Scoopable, Clumping with Odor Fighting product
- C Odor Control product
- D Super Scoop product
- E Clumping Cat Litter-Plus Odor Control product
- F Multi Cat product

The chart clearly shows the economic value of **purrfect TOGETHER™**. When mixed with lower-priced cat litter, **purrfect TOGETHER™** offers more to the pet owner than the premium brand does at almost half the price per day (\$0.58 per day).
